

Call for Symposia

Submission deadline: September 15, 2020

The 6th congress of the International Pediatric Sleep Association will be held virtually on February 5-6, 2021. With the ***call for symposia*** we invite you to contribute to a high-level scientific program by proposing a symposium for IPSA ONLINE 2021.

Please refer to the following symposium guidelines:

Symposia submissions should be focused on a single topic that is relevant and scientifically excellent. Each individual presentation should have an integrative nature, forming a whole which is much more than the mere combination of the individual oral presentations. Successful symposia are focused on innovative or emerging topics, generally offering varying perspectives on the topic.

The standard time allocated per symposium is 90 minutes. There should be a chairperson and no more than 5 speakers to ensure that there is adequate time for a short introduction and a comprehensive final discussion. A portion of the time will be devoted to questions and answers, or to group interaction. *Special Notes: 1) At the time of your proposal submission, all speakers must have agreed to participate in the symposium, 2) Upon symposium acceptance, all speakers must sign a conflict of interest (COI) form and a consent for recording form. 3) Speakers will be asked to submit a professional headshot for the online platform*

Symposium presentations will be pre-recorded and launched simulated live during the virtual event. Speakers will attend the session to interact with attendees via online chat and answer questions. Live group discussions will be scheduled immediately after select symposia.

Please send your proposals by email to Angie Granum at: secretary@pedsleep.org

Symposia proposals will be accepted by email only and should arrive **no later than September 15, 2020**. All submissions will receive a confirmation email within 3 business days.

Symposium Proposal

Submission deadline: September 15, 2020

Title of Symposium:

Summary of symposium:

Symposium Proposal

Bulleted list of 3-5 Learning Objectives completing the following sentence:

“Upon Completion of this CME activity, participants should be able to...”
