

Call for Symposia

Submission deadline: June 30, 2020

The 6th congress of the International Pediatric Sleep Association will be from October 21-24, 2020 in Brisbane, Australia. Symposia topics will have a strong impact on the success of the meeting. With the ***call for symposia*** we invite you to contribute to a high-level scientific program by proposing a symposium for IPSA 2020.

Please refer to the following symposium guidelines:

Symposia submissions should be focused on a single topic that is relevant and scientifically excellent. Each individual symposium presentation should have an integrative nature, forming a whole which is much more than the mere combination of the individual oral presentations. Successful symposia are focused on innovative or emerging topics, generally offering varying perspectives on the topic.

Symposia proposals will be ranked by the 2020 Congress Program Committee according to the relevance of the topic, the timeliness of the research, and the broadness of the topic's appeal. Higher weight will be given to symposia with multi-national participation.

The standard time allocated per symposium is 90 minutes. There should be a chairperson and no more than 5 speakers to ensure that there is adequate time for a short introduction and a comprehensive final discussion. A portion of the time will be devoted to questions and answers, or to group interaction. *Special Notes: 1) At the time of your proposal submission, all speakers must have agreed to participate in the symposium, 2) Upon symposium acceptance, all speakers must sign a conflict of interest (COI) form.*

Please send your proposals by email to Angie Granum at: secretary@pedsleep.org

Symposia proposals will be accepted by email only and should arrive **no later than June 30, 2020**. All submissions will receive a confirmation email within 3 business days.

THE INTERNATIONAL PEDIATRIC SLEEP ASSOCIATION PRESENTS

Symposium Proposal

Submission deadline: June 30, 2020

Title of Symposium:

Summary of symposium:

Symposium Proposal

Bulleted list of 3-5 Learning Objectives completing the following sentence:

“Upon Completion of this CME activity, participants should be able to...”

Target Audience:
